The following is for immediate release in Canada, Tuesday, March 11, 2003.

## **DIAZ ENCOUNTERS GAS ON DEEP WILCOX PROSPECT, TEXAS**

---

Diaz Resources Ltd. reports that the Lehrer No. 1 exploration well was logged this morning to a depth of 14,985 feet. The Company reports that an evaluation of the logs indicate a total of over 100 feet of prospective gas pay in 8 sands in the Wilcox formation, over an interval of between 12,000 feet and 14,950 feet.

Diaz and its partners plan to drill a further 500 feet to test a lower horizon and then case the well.

Completion operations are anticipated to commence within four weeks. The well has set up additional drilling on the Mustang Creek prospect, with the next well to commence prior to the end of June 2003.

Diaz has a before payout working interest of 8.3% in the deep rights and 7.9% in the shallow rights, reverting to 7.6% and 6.9% after payout.

Diaz is a Calgary based oil and gas exploration Company with production in Alberta, Saskatchewan and Texas. Diaz is currently focused on exploring for natural gas in Alberta.
