## **DIAZ REPORTS SUCCESSFUL GAS COMPLETION AT N.W. SPEAKS ROBERTSON #1 WELL IN LAVACA COUNTY, TEXAS**

---

**Diaz Resources Ltd. (TSX:DZR)** today reported that the N.W. Speaks, Robertson #1 well located in Lavaca County, Texas has been successfully completed in the lowest Wilcox gas zone. The well was put on production on May 7, 2008 and is currently producing 2.45 Mmcfd of natural gas and 32 barrels of oil, at 2,700 psi flowing pressure.

Diaz has a 21.5935 % working interest in the Robertson #1 well.

Based on the Company's log analysis, the Robertson #1 well has several shallower potential Wilcox gas zones, to be evaluated, after depletion of the current zone. In addition, based on the Company's interpretation of the seismic and geology there are two more development locations which could be drilled on this structure.

*Diaz is an oil and gas exploration and production company based in Calgary, Alberta. Diaz's current focus is on shallow gas developments in southern Alberta, natural gas exploration in central and southern Alberta and deep gas exploration in Texas.*
