DIAZ ANNOUNCES NORMAL COURSE ISSUER BID

Diaz Resources Ltd. announces that it has filed notice with The Toronto Stock Exchange (“the Exchange”) to make a Normal Course Issuer Bid (the “Bid”), to purchase through the facilities of the Exchange, from time to time, as it considers advisable, up to 670,000 of the issued and outstanding Common Shares (being approximately 1% of the 67,191,652 Common Shares outstanding at September 25, 2008).

The Bid will commence on October 1, 2008 and terminate on the earlier of September 30, 2009 or the date on which Diaz acquires all of the shares sought pursuant to the Bid. The price which Diaz will pay for any shares purchased by it will be the prevailing market price of such shares on the Exchange at the time of purchase. Any shares acquired by Diaz pursuant to the Bid will be cancelled.

Pursuant to a normal course issuer bid through the facilities of the Exchange that commenced on September 26, 2007, during the prior 12 months Diaz purchased 73,900 Common Shares at an average cost of \$0.25 per share. All shares were purchased on the Exchange and have been cancelled. The average trading volume for Diaz during the prior six month period of March 2008 to August 2008 was 80,941 shares per day.

Diaz believes that, from time to time, the purchase of Common Shares will increase the proportionate interest of, and be advantageous to, all remaining shareholders.

Diaz is an oil and gas exploration and production company based in Calgary, Alberta. Diaz’s current focus is on deep gas exploration in Texas and on shallow gas developments in southern Alberta and natural gas exploration in central and southern Alberta.
